

Attachment 4 Main Languages Spoken, for Australia and by State/Territory

This attachment provides the tick box options for 'Main language other than English spoken at home' for Australia and all States/Territories. The options were derived using 2006 ABS Census data for 'Parents with students 5-19 years of age'.

Some schools or school systems may wish to tailor the tick-box options for the 'Main language other than English spoken at home' Question Option One to the main languages spoken in their State/Territory. (Refer to the technical specifications for the 'Main language other than English spoken at home' data element for additional information.)

The lists of predominant languages may also be used in drop down/pick lists to speed up office coding of 'other' responses to the language questions. Alternatively, schools or school systems may wish to tailor the tick-box options to another list of main languages spoken. Regardless of the list of languages used, **the question format must not be changed.**
